

SAFETY MEASURES

Updated August 1, 2021

To provide the safest possible environment at St. Joseph's Indian School, the following safety measures are in place.

First 14 Days

Masking:

- Unvaccinated students will mask for the first 14 days on return to campus.
- Vaccinated students do not need to mask, although they can choose to do so.

School:

- Students will be in school and take part in lunch and recess by community group.

Visits:

- We encourage that sibling, family and cross-community visits be outdoors.

High School Students

Masking: Students will not be required to mask except in these circumstances:

- Symptomatic students must mask until found non-contagious per Health Center.
- Busing (to comply with current Federal Mandate regarding public transportation).
- Unvaccinated and under quarantine.

After the First 14 Days

Screening:

- Houseparents will temperature monitor all students daily.

Masking: All students will not need to mask except in these circumstances:

- Symptomatic students must mask until found non-contagious per Health Center.
- Unvaccinated students who are listed as close contacts to symptomatic students.
- Unvaccinated students who are part of a large indoor or outdoor group event where they are unable to maintain physical distancing.
- Busing (to comply with current Federal Mandate regarding public transportation).

See "Activities and Visitation" for other measures after the first 14 days.
